At the risk of making version control problems, I've merged a few more files to the version I previously sent out. These are combined comments for the whole determinations/findings document and the RTC document. You can tell the most recent version if there are more initials in the file name. Again, if you want me to merge more documents, let me know. Alan and I both think it's helpful to have one document with all the comments.

Here are the latest:

Findings document:

Christine, Lynda, Joelle, Peter Leinenbach, Erik Peterson, EPP, Mark Dyner, and Steve Hecht (NMFS), Alan – ag foreword, and Jenny.

RTC Document:

Peter L, Erik Peterson, Teresa Kubo, Lynda, Alan, and Jenny

Hi Steve and JB,

Here's the merged determination/fundings document from the following commenters:
Christine, Lynda, Joelle, Peter Leinenbach, Erik Peterson, EPP, Mark Dyner, and Steve Hecht (NMFS).

If any of you have other comments you'd like me to add to this merged file, I'd be happy to do that. Steve, the pesticides piece starts on page 16. OPP and Mark Dyner put their comments straight in the text underlined or all caps.
